

FLEET GUIDANCE NOTES

All subject to the Flying Order Book

K8

Flying checks and cleared by a Full Cat Instructor
Minimum of 10 solo flights in a K13

K21

Flying checks and cleared by a Full Cat Instructor
Must show ability to carry out WUL checks correctly
Minimum of 30 solo flights.

Twin III Acro

Solo flying by experienced pilots only as the norm.

Astir

Hold Bronze C
Flying checks and cleared by a Full Cat Instructor
Must have been checked and cleared to fly the K21 or Twin III Acro.
Must show ability to carry out WUL checks correctly

Pre-Landing Checks

All instructors will be expecting to hear the WUL check on every flight UNPROMPTED and that if it is not mentioned they will be assumed to have landed wheel up, and a note to that effect be made. This will go some way to preventing further damage from wheel up landings, since only pilots who are covering this check will be allowed to fly the Astir or other glider with retractable undercarriage.

Guidance and advice from CFI or Deputy as necessary
